

An isometric architectural rendering of a building complex. The central building is a multi-story structure with a red grid pattern on its roof, indicating a courtyard or internal space. It is surrounded by other buildings of varying heights and shapes. Green spaces with trees are interspersed between the buildings. Red human figures are scattered throughout the scene, including on the central building's roof and in the surrounding courtyards, to provide a sense of scale. Five black callout boxes with white text are positioned around the central building, each highlighting a specific architectural or functional feature.
